ORDER THEREON.—The Notification submitted by the Excise Commissioner is approved and forwarded to the Compiler, Mysore Gazette, for publication in three successive issues of the *Gazette* both in English and Kanarese.

No. 1618—Ex. 64, DATED 11TH AUGUST 1896.

NOTIFICATION.—In exercise of the powers conferred by Section 55 of the Excise Act XXII of 1881, the Government of Mysore have been pleased to prescribe the following form of notice for the sale of Country Beer Taverns and of Retail License for the sale of Country Beer or Porter :—

Sale of Country Beer Taverns in the City of Bangalore for

1. Notice is hereby given that the exclusive privilege of selling Country Beer or Porter in each of the three taverns specified in the appended schedule for the twelve months beginning with 1st July 189 and ending with 30th June 189 , will be put up to public auction on the in the District office, by the Deputy Commissioner, district, or other officer authorized by him.

2. Each bidder at the auction will deposit a sum of Rs. 50 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. Each tavern will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided, will be returned to them. As the auction proceeds, the person whose bid is accepted for each tavern shall at once deposit a sum equal to $\frac{5}{6}$ths of a month's rent for that tavern. Should he fail to do so, the deposit made by him under para 2 will be forfeited, the tavern will at once be put up again on the above conditions, and he will be debarred from bidding again for the same, or for any other tavern.

4. The persons to whom the taverns have been knocked down, and who have made deposits as provided in paras 2 and 3, shall also, within seven days from the date of the auction, deposit such further sum as, with the first and second deposits, will make up an amount equal to two month's rent of each tavern knocked down to them; and shall take out licenses and execute a counterpart engagement, in the appended form, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart engagement, as aforesaid, the tavern will be re-sold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Re-sales effected under para 4 will be at the risk of the defaulting bidder who will forfeit all gain; and in the event of a loss by re-sale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the

successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

6. The license to be taken out under para 4 above, shall be subject to the following conditions, namely :—

(1) The privilege conferred by the license extends only to the sale of Country Beer or Porter brewed by Messrs. Leishman & Co., at Nilgiris, or by Messrs. Mealkin & Co., Kirkee.

(2) The amount for which the privilege has been purchased shall be payable into the Bangalore Taluk Treasury in equal monthly instalments commencing from July 189 ; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month on the chellan prescribed for the purpose. The deposit of two month's rent made by the licensee will be taken in payment of the rents due for the last two months of the period of the lease. Failing payment by the 20th of the same month, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at 6 per cent under the rules in force for the collection of land revenue. No remission or abatement of the rent shall, on any account whatever, be claimable by the licensee.

(3) The licensee shall further pay a duty of two annas for every gallon of Country Beer or Porter purchased by him.

(4) The consignment of Country Beer or Porter purchased by the licensee shall be sent direct from the Brewery to the Amildar, taluk. The letter of advice covering the consignment, shall be in duplicate, the original being sent to the Amildar of the taluk, and the duplicate to the Excise Commissioner. On the duty at the above mentioned rate being paid by the licensee on the prescribed chellan, the Amildar shall allow the licensee to remove the consignment to his tavern upon a pass signed by the Amildar or other officer authorized by him on this behalf.

(5) The licensee of every tavern at the Bangalore City shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum, in advance for the period of the license for his tavern.

(6) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Beer or Porter, which forms shall be purchased from local Excise officers.

(7) The licensee shall be bound to take over any Beer or Porter which may remain as stock in hand belonging to the out-going licensee on the 1st July 189 in the existing tavern, paying to the latter such compensation for the same as may be fixed by the Excise Commissioner.

(8) The licensee shall be bound by the rules in force, and which may be issued, from time to time by Government.

(9) The remaining terms and conditions shall be as set forth in the appended license.

7. In case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his tavern or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect, or

at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and to re-sell the privilege at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his tavern on 1st July 189 , shall be made good by him. When a lease is cancelled, the rent for the whole period of the lease shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

8. The penalties laid down in the last preceding clause shall not exempt the licensee or his employes from prosecution for any offence committed against the Excise laws or rules in force.

No. 1814—Ex. 68, DATED, BANGALORE, 15TH AUGUST 1896.

ORDER THEREON.—The accompanying abstract prepared in this office shows that there was an increase in consumption to the extent of 12,220 gallons of arrack in the shops referred to during the year 1894-95 as compared with the year 1893-94.

2. As regards the discrepancies pointed out by this office between the figures given in the statements for 1893-94 and those relating to the same period exhibited in the statements now submitted, the Excise Commissioner explains that in the Mysore town, the issues of Bonded Depôts were entered in the former statement, while the actual consumption alone was shown in the latter, while in Bangalore, there were certain * omissions in the statements for 1893-94; the difference in the Kolar Gold Fields being due to double entry to the extent of † 53 gallons in February and June, respectively. Government observe that the double entry of one gallon alluded to occurs in September and not in February, and that the difference of one gallon each found against the months of October and December in the Bangalore city has not at all been accounted for.

* 31 Drams in January.
2 Gallons in April.

† 1 Gallon in February.
52 Gallons in June.

3. The figures in the statement given in Government Proceedings No. 5230—R. 765, dated 14th September 1894, will, however, be corrected, with a request that the Excise Commissioner will have the statements carefully examined in his office in future.

2. There was a general increase under "Demand" in all the districts, except Tumkur, Mysore and Chitaldrug, resulting in a net increase of Rs. 1,09,114. The total decrease in the said three districts was only Rs. 1,746 and calls for no remark.

3. The collections show an increase of Rs. 2,38,234 due partly to the realizations of arrears to a large extent and partly to the increase in demand.

4. Out of Rs. 1,21,359 left uncollected at the close of the previous official year 1894-95, Rs. 65,387 have been collected during the period under review, leaving a balance of Rs. 55,972. The balance, including the arrears of the current year, in the Mysore, Bangalore, Kolar and Chitaldrug districts is heavy. The attention of the Deputy Commissioners is drawn to Government Proceedings No. 974-82—Ex 45, dated 24th July 1896, with a request that they will take steps for the early collection of the outstanding arrears.

Proceedings of the Government of Mysore,

READ THE FOLLOWING:—

(1) Letter No. 33—Ft., dated 19th July 1896, from the District Forest Officer, Hassan, to the Conservator of Forests in Mysore.

"In submitting herewith a 'Special Account' of gall-nut collection in this district, I have the honor to inform you that the total quantity of the produce collected this year is 26,244 maunds against 4,100 in 1892-93, the highest figure ever reached since the Amani collection was commenced, and against 310 maunds, the minimum in the year 1891-92. The cost of collection amounted to Rs. 12.437-2-6, which gives an average of 7 annas and 7½ pies per maund. Out of the total collection of 26,244 maunds, the quantity actually weighed and delivered to purchasers was 25,752 maunds, the balance 492 maunds being lost by driage. The driage too was but 1·874 per cent. The total realization from this product was Rs. 34,107-14-0, which, deducting all costs, left a clear net profit of Rs. 21,670-11-6. The whole of the money was recovered and credited into the treasury and the product was duly handed over to the several purchasers. All charges incurred on this account were adjusted in the "Accounts" of the different months, as shown in the first column of the statement enclosed."

(2) Endorsement Memo No. 421—41, dated 29th July 1896, from the Conservator of Forests to the Secretary to Government, General and Revenue Departments.

"Copy submitted for the information of Government with reference to their Proceedingt Nos. C. 85-87 and 610—Ft. F. 160-95 of 11th April last and 17th instant, respectively. The whole circumstances connected with the unprecedented collection, disposal and adjustmens of accounts connected with the gall-nut crop in the Arsikere taluk are highly creditable to the District Forest Officer Mr. Bapu Rao and the Deputy Commissioner of Hassan."

2. In regard to the concluding portion of Government Order of 17th instant above cited, has the honor to report that Mr. Bapu Rao has submitted his working charges bills and accounts complete for the months including June last.

No. 1422—Ft. F. 160-95, DATED, BANGALORE, 5TH AUGUST 1896.

ORDER THEREON.—Recorded with satisfaction.

READ:—

The following letter No. 470—48, dated the 31st July 1896, from the Conservator of Forests in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to report that, adopting the system universal in the Forest Department in British India, I am endeavouring to reduce as much as possible and gradually the areas of Range charges and to place a responsible officer in charge of each under the immediate orders of the District Forest Officer. To carry this out it will be necessary, as in British India, to place some of the senior and better paid Foresters in charge of Ranges temporarily at least.

2. This will entail the maintenance of a pony and other expenses incidental to travelling throughout the Range, and Foresters in Mysore get no travelling allowance. I, therefore, request sanction to grant such Foresters, when placed in charge of a Range, the same fixed travelling or horse allowance (Rs. 15 per mensem) as is allowed to a Ranger. The number will be small, probably not more than half a dozen, as there are unfortunately few Foresters competent to hold a Range charge, and the amount can be met from the provision under "Travelling allowances, B. II (*c*)."

No. 1524-25—Ft. F. 14-96, DATED, BANGALORE, 10TH AUGUST 1896.

ORDER THEREON.—Sanction is accorded to the grant of horse allowance at Rs. 15 per mensem to the Foresters who may be placed in charge of Forest Ranges, the charge being met from the provision under "Travelling allowances, B II (*c*)" in the current year's budget of the Forest Department. The Conservator of Forests is requested to submit a list of the Foresters to whom the horse allowance is proposed to be granted, for communication to the Comptroller.

2. The decrease under "Current demand" in the Bangalore, Mysore and Kadur districts is considerable. It is reported that the decrease in the Kadur district was mainly due to a large portion of the sandalwood collected during the year having been left unsold for want of proper rates, and to the non-supply of sleepers to the Railway Company during the year, while that in the Mysore district was due partly to reduction both in the quantity of sandal sold and in the rates realized and partly to the poor crop of gall-nut. The report from the Bangalore district, which was called for in Government Proceedings No. 338-347—Ft. F. 116-95, dated 7th July 1896, has not been received. It should be submitted without delay.

3. In the Mysore and Hassan districts the outstanding balances are heavy and require prompt attention.

Letter No. 427, dated 18th July 1896, from the Comptroller to the Government of Mysore, bringing to notice that the cash balance of the Mysore district treasury was not examined and verified by the Deputy Commissioner on the 1st June 1896.

ALSO.—

Correspondence ending with letter No. 169, dated 25th July 1896, from the Deputy Commissioner, Mysore district, stating that he did not examine the district treasury in the month of June 1896 as he was not present at the district head-quarters on the 1st of that month, having been out in the district in connection with the sale of the arrack and toddy vend farms for 1896-97, and that Section 336 of the Civil Account Code only makes the examination of the treasury once in two months obligatory.

No. 1857-65—Fl. 147, DATED, BANGALORE, 17TH AUGUST 1896.

ORDER THEREON.—The examination of the treasury on the 1st of every month is indispensable, and if the Deputy Commissioner is absent from head-quarters, one of his Assistant Commissioners, other than the Treasury officer, should conduct the examination. On no account should more than two months elapse without a personal verification by the Deputy Commissioner. The Deputy Commissioner will, therefore, arrange in future for a strict compliance with the rules on the subject.

No. 2057-59—R. F. 116-95, DATED, BANGALORE, 20TH AUGUST 1896.

ORDER THEREON.—With the above the Deputy Commissioner submits the Memorandum and Articles of Association of the proposed Agricultural Bank at Nallur in the Channagiri taluk.

2. The Bank is proposed to be established for the benefit of the marginally noted villages, and there are 19 members who own 477 acres and 10 guntas of land (of which 88 acres and 9 guntas are inam), the aggregate value of which is estimated at Rs. 22,995 with a liability of Rs. 5,100.

2. Arasanghatta.
3. Lingadahalli.

3. The members propose to start the Bank with a capital of Rs. 16,000, but the Deputy Commissioner recommends the grant of a loan of Rs. 12,000 on the ground that the Umbli lands which are inalienable are of no value as security for the loan. Necessary correction should, therefore, be made in the amount shown in para 37 of the Articles of Association.

4. Government are pleased to sanction an advance not exceeding Rs. 12,000 being made for the Agricultural Bank at Nallur, and to authorise the Deputy Commissioner to place the said amount in the Channagiri taluk treasury for the purpose. Interest at 4 per cent per annum must be recovered from the Bank half yearly up to 30th June and 31st December of each year on the sums actually borrowed by the Bank.

5. The Deputy Commissioner is requested to recover the stamp duty and take early steps to get the Memorandum and Articles of Association duly registered.

No. 2044-46—R. F. 117-95, DATED, BANGALORE, 20TH AUGUST 1896.

ORDER THEREON.—The Bank is intended for the benefit of 15 villages and the number of members who have signed the Memorandum and Articles of Association is 25. The value of the landed property owned by them is stated to be Rs. 54,170, of which, property to the extent of Rs. 10,650 is encumbered, and the members ask for an advance of Rs. 25,000. On a careful consideration of all the circumstances, the Deputy Commissioner recommends the grant of an advance of Rs. 25,000 which is hereby sanctioned, and the Deputy Commissioner is authorised to place the said sum at the Koppa Taluk Treasury for the purpose. Interest at 4 per cent per annum must be recovered from the Bank half yearly up to 30th June and 31st December of each year on the sums actually borrowed by the Bank.

3. As regards the enquiry in para 5 of his letter No. 809, dated 16th May 1896, the Deputy Commissioner's attention will be drawn to para 4 of the Proceedings of Government No. 5038-47—Fl. 274, dated 2nd December 1895, under which he is expected to satisfy himself as to the solvency of the applicants and the *bonâ fides* of their applications.

Proceedings of the Government of Mysore,

READ :—

Petition No. 2737, dated 3rd February 1896, from Kalappa, shanbhog gumasta of Phalguni village in the Mudgere taluk, appealing against the order of the Deputy Commissioner of Kadur, dismissing the petitioner from the office of shanbhog gumasta and fining him Rs. 25 for carelessness in the discharge of his duties.

2. Correspondence ending with the Kadur Deputy Commissioner's letter No. 910, dated 29th June 1896, reporting on the above petition.

No. 1518—Pet. 249, DATED, BANGALORE, 4TH AUGUST 1896.

ORDER THEREON.—The Government decline to interfere in the matter and accordingly reject the appeal.

2. It is incumbent on the shanbhog to be present with the patel when collection work proceeds and to enter all transactions in the khirdi just as they happen. The shanbhog has no justification whatever for pleading that the patel did not give him the required information. The shanbhog is to obtain such information not through the patel but by being present at, and personally taking part in, the transaction. The punishment awarded is well deserved and is therefore confirmed.

3. The Deputy Commissioner's attention is, however, drawn to Section 33 of the Land Revenue Regulation prescribing a limit of two months' pay as the maximum fine permissible. The annual potgi distributed over twelve months must be regarded as the monthly salary of the village officials who are paid once a year in the shape of potgi. In accordance with this rule the fine is reduced to twenty rupees.

Petition No. 2267—A.S. 125, dated 7th March 1895, from Hanumanta Reddi of Nallakamanhalli in the Maddagiri taluk, appealing against the order of the Deputy Commissioner of Tumkur, directing the petitioner to allow survey No. 89 of Nallakamanhalli to be irrigated by the tank constructed by his father in the said village.

(2) Letter No. 942, dated 30th April 1895, from the Deputy Commissioner of Tumkur, reporting on the above.

(3) Correspondence ending with letter No. 1102, dated 29th June 1896, from the Superintendent, Revenue Survey.

No. 1658-66—PET. 264, DATED, BANGALORE, 10TH AUGUST 1896.

ORDER THEREON.—At the survey settlement in 1876, the tank in question was recognised as a Hathilagavad tank, and the petitioner was allowed a remission, to be granted annually, of one-fourth of the wet assessment on the two lands irrigated by it, *viz.*, survey Nos *88 and 89, both of which were held by the petitioner. Survey No. 89 was, in April 1885, relinquished by petitioner, and it remained unoccupied till 1894. It was accordingly struck off the petitioner's khate in 1885, and he was thenceforth allowed a remission of one-fourth of the assessment on No. 88 only.

Extent.	Assessment.
A. g.	Rs. a. p.
*88 4 5	13 4 0
89 9 39	31 0 0

2. In 1894, the petitioner applied for No. 89, but, at the sale held, it was taken up by one Sriram Bhimaiya. The petitioner objected to allow water to irrigate the land on the ground that the water of the tank was not sufficient to irrigate both the Nos. 88 and 89 and that it was on this account he relinquished No. 89 in 1885. As, however, the land used to be irrigated, prior to the relinquishment, by the water of the tank flowing through a channel in survey No. 88, and the survey Utar Patti showed that the land No. 89 depended on the tank for its irrigation, the Deputy Commissioner held that petitioner was bound to allow water to No. 89. Hence this appeal by petitioner.

3. The present holder of survey No. 89 is no doubt entitled to the water of the tank to irrigate that land. The question for consideration is whether, in view of the order at the settlement allowing Petitioner a remission of one-fourth of the assess-

ment of the land, he is entitled to receive a fourth of the assessment when the land is in the occupancy of another, or whether, in consequence of the unconditional relinquishment made by him in 1885, he forfeited his claim to the concession allowed.

4. The Superintendent, Revenue Survey, is of opinion that when a tank is admitted to be a private tank entitled to a remission of $\frac{1}{4}$th of the wet assessment under it, the concession should apply to all the wet lands under it, whosoever may be in possession of them, and that in the present case, the resignation of survey No. 89 does not vitiate the petitioner's claim to get $\frac{1}{4}$th of the wet assessment.

5. The Government agree in this view, which is in consonance with the principle recognised in the Chief Commissioner's Proceedings No. 7905-239, dated 11th November 1876. So long as Government gets the benefit of water stored up by petitioner at his own cost and labor, the portion of the benefit due to him must be given. When, for any reason, Government derived no benefit at all, the petitioner could not get anything. This was something like a period of suspension ; but as soon as the old positions are restored, the petitioner's right too revives. The liability to give water is correlative of the right to derive this benefit.

6. Government are, therefore, pleased to direct that as long as petitioner maintains the tank in an efficient state, and wet assessment is recovered by Government on the land in question from a third party, one-fourth of the assessment so recovered be paid to the petitioner by deduction from any kandayam due by him.

F. 33-92, dated 1st December 1894, exempting minor inamdars Venkatramanachar of Navilahalli, Belur taluk, and Kesavachar of Rayapura, Belur taluk, from payment of irrigation cess on their minor inam lands situated in the said Government villages, are opposed to Rule VI of the Chief Commissioner's Notification No. 62, dated 7th May 1875, as revised by para 3 of the Government Proceedings No. 3786-95 – 101, dated 1st September 1887, and they are accordingly hereby cancelled. The minor inam lands in question must pay the irrigation cess with effect from 1896-97 ; the amount of the cess up to 30th June 1896 not levied from them under the orders hereby cancelled being treated as a remission.

OFFICIAL MEMORANDUM.

Instances having come before Government in which the orders issued to public servants dismissed, reduced or otherwise punished, did not give reasons for the punishment awarded, the attention of Heads of Departments is drawn to Section 32 of the Mysore Land Revenue Code and the instructions conveyed in Government Order No. 4444—G. 883, dated the 8th September 1879, published at pages 210 to 212 of the Mysore Revenue Manual of 1886. The order passed in such cases, should, unless the matter has come on appeal, set forth clearly the charge against the public servant concerned, his defence and the reasons for the order, and a copy of the same should, on application, be granted to him, free of cost, to enable him to exercise his right of appeal.

By Order,

1. Petitions Nos. 1083 and 1102, dated 7th and 10th September 1895, respectively, from Gandanavara Munnappa and certain other raiyats of Chamakallu in the Malur taluk, praying for exemption from payment of the proportionate cost of earthwork executed to their village tank on the ground that they do not hold any wet land under the said tank.

2. Letter No. 1412—347 dated 14th October 1895 from the Deputy Commissioner of Kolar, stating that the tank was restored and brought up to standard in 1893-94, that the raiyats having neglected its annual maintenance, and failed to execute, though repeatedly warned, the earthwork required for the bund, it was executed by paid labor at a cost of Rs. 312-8-0, that a portion of this has been paid up by some of the defaulters according to their respective shares, and that the plea of the petitioners that they are not bound to pay as they do not hold any wet lands under the tank is untenable

3. Letter No. 2549—680 dated 9th January 1896 from the same officer, stating, with reference to docket No. 5728—P. 1181 dated 23rd December 1895, that when the tank was brought up to standard, the raiyats executed earthwork to the extent of 2,237 cubic yards valued at Rs. 209-11-6, and that as they failed to execute the necessary annual repairs, and allowed the bund to deteriorate, the work in question had to be undertaken.

4. Letter No. 565—132 dated 29th July 1896 from the same officer stating, with reference to Government Proceedings No. 9027—1799 dated 1st April 1896, that though the tank was brought up to standard in 1893-94 after completion of stone and masonry work, the earthwork was completed in October 1891; that the bund was thus neglected by the raiyats for nearly 4 years, that the heavy rains of 1893-94 damaged the bund to a very great extent, that Amildar Gopal Rao has been in charge of the taluk since September 1891; that the officers named in the margin did the jamabandi of the taluk since 1891-92; that at the Deputy Commissioner's jamabandi of 1894, the neglected condition of the tank was noticed and steps taken to put it in order, that there is no other tank attached to the village and the one under reference is freely used by the villagers and their cattle, and that the bad example set by petitioners has had a very undesirable effect in the taluk, so much so that there is danger of all the standard tanks being neglected and the maintenance scheme of minor tanks becoming inoperative.

No. 2157-64—P. F. 6-96, DATED, BANGALORE, 21ST AUGUST 1896.

ORDER THEREON.—If the tank has been once brought up to standard, as this tank is reported to have been, the rules of maintenance do apply, and there is no reason to interfere. But the Amildar who was in the taluk since 1890-91 cannot be acquitted of blame for not attending to the duties of tank maintenance efficiently. The district authorities have also rendered themselves open to the remark that this important work does not seem to have been done satisfactorily and methodically.

2. The Deputy Commissioner is requested to take such measures as will ensure regular and periodical inspection of all the tanks in the district, and their timely and necessary repairs being undertaken every year.

Petition of appeal, dated 26th December 1895, from Sitaram Jetti of Chikkangala in the Kadur taluk, against the order of the Deputy Commissioner of Kadur confirming the fine of Rs. 10 imposed upon the petitioner by the Amildar of Kadur under clause 8 of the Channel Rules.

2. Letter No. 77, dated 6th August 1896, from the Deputy Commissioner, reporting on the above petition.

No. 2348-55—PET. 364, DATED, BANGALORE, 28TH AUGUST 1896.

ORDER THEREON.—The facts of the case are briefly as follows:—

The petitioner holds dry land abutting on the bed of a tank, and a portion of it is sometimes submerged under water. He wished to cultivate it with wet crops, and on the 15th August 1894 put in a darkhast for the supply of Government water. Desultory correspondence ensued, and towards the end of 1895 the petitioner's darkhast remained undecided. The Manegar, who was sent to report upon the application, reported that the petitioner had already used water and raised paddy crop. The Jamabandi Officer appears to have charged the land temporarily with water rate. But before this was thus dealt with by the Jamabandi Officer, the Amildar fined the appellant in a sum of Rs. 10 under clause 8 of the Channel Rules. This order was confirmed in appeal by the Deputy Commissioner, and the petitioner has filed this second appeal.

2. Clause 8 of the Rules referred to refers to "wilfully allowing wastage of water flowing from the main channel" and does not clearly apply to the act of the petitioner. He did not wilfully allow wastage of water, but unauthorizedly used water for irrigating his land. The Jamabandi Officer has dealt with that act of the petitioner, and the fine under these Rules cannot be allowed to stand. The fine is remitted and ordered to be refunded to the petitioner.

3. The delay which has been allowed to occur in this matter is noted with regret. The Amildar would have done well if, instead of misapplying a rule and fining the petitioner, he had noticed the delay on the part of his shekdar and the channel officials. It is hoped that the Deputy Commissioner will take such measures as will prevent delays in similar cases.

S. 10 of 96-97, dated 30th June 1896, from Gundaiya of Sunaba, Krishnarajpete taluk, and Subbaiya of Settihalli, Seringapatam taluk, complaining of the rejection of the appeal presented by them to the Deputy Commissioner, Mysore district, against an order passed by the Sub-Division Officer, French Rocks, regarding the shanbhogi of Settihalli hoka, Seringapatam taluk.

2. Letter No. 442, dated 31st August 1896, from the Deputy Commissioner, Mysore district.

No. 3053-60—PET. 474, DATED, BANGALORE, 18TH AUGUST 1896.

ORDER THEREON.—The petitioners urge—

(1) that copy of the order complained of was not granted at the head-quarters where their application was presented, but that they had to ascertain the whereabouts of the Sub-Division Officer and go to Malvalli to receive the copy;

(2) that on the 4th of April 1896, on which date the time for preferring the appeal was to expire, the petitioners' Advocate waited in the Deputy Commissioner's Court from 3-30 to 6 P. M., and asked the Deputy Commissioner to receive the appeal, but that that officer declined to receive it on the ground that it was not presented at 11 A. M.; and

(3) that the appeal was thereupon sent by post, but was erroneously rejected as being out of time.

2. The Deputy Commissioner states that the petitioners might have gone to the Sub-Division Officer's camp and received the copy earlier than they did; that 11 A. M. is the hour fixed by him for presenting petitions; that he might, when the appeal was presented at a later hour, have refused to receive it; that the time occupied in the preparation of the copy was seven days, the application having been presented on the 25th February 1896 and the copy having been ready for delivery on 4th March 1896; and that even if the appeal had been presented at the proper hour on the 4th, he should have rejected it, as the appeal time expired on the 2nd April 1896.

3. The Government observe that the procedure adopted by the Deputy Commissioner was wrong.

4. Parties applying for copies ought not to be required to go to camp to receive them. They should, if the application is granted, be informed of the probable date on which the copies would be ready, and arrangements should be made for delivering them at the head-quarters on such date, unless the application is presented in camp and the copies can readily be granted there.

5. The Deputy Commissioner ought to have received the appeal petition on the 4th and disposed of it in due course, though it was not presented at 11 A. M. As observed by the Judges of the Calcutta High Court, in the case reported at page 291 of Vol. I., Calcutta Law Reports, the rules of a court prescribing certain hours for the receipt of petitions and hearing of motions cannot operate to alter the period of limitation prescribed by law; nor was it ever intended that those rules should exclude urgent applications made at any time during the day.

6. In computing the appeal time in any case, the day on which copy was applied for and the day on which it was ready for delivery should both be excluded, in addition to the intervening number of days. The time occupied in the preparation of the copy was thus nine days and not seven days as stated by the Deputy Commissioner, and the appeal presented on the 4th April 1896 was thus in time.

7. The order appealed against is set aside and the case remanded to the Deputy Commissioner for fresh decision on merits.

READ :—

Government Proceedings No. 1132-3—Muz. F. 42-94, dated 12th June 1895, sanctioning an estimate for Rs. 497 to repair the Jumma Masjid at Chitaldrug.
And,

Docket No. 450—23, dated 6th December 1895, from the Deputy Commissioner, Chitaldrug district, reporting that the Muhammadans wish to open an ornamental gate-way to the Jumma Masjid so as to face the newly formed road to the east of it in lieu of the small back entrance (about three feet wide) which had existed in the Masjid wall on that side before the new road was opened, that a street on the other side in which the Matt of the Sri Uttaradi Swami is situated, has also an opening newly made, leading into the new road in question, and that by keeping up these two openings there will be friction between the Muhammadan and the Hindu communities in regard to processions, &c., and accordingly soliciting the instructions of Government in the matter.

No. 299 MUZ. F. 42-94, DATED, BANGALORE, 25TH AUGUST 1896.

ORDER THEREON.—The Jumma Masjid though facing east has, all along, had its main entrance on the western side; in the wall on the east side, the Masjid had only a back entrance about three feet in width and facing a narrow blind lane; and this lane has but recently been widened and formed into a through road in the interests of the sanitation of the town. The opening of any large gate-way as a main entrance to the Masjid from the new road on the east side, cannot now be permitted; all that the Masjid may be allowed to have on that side is only a small back entrance into the new road in lieu of and similar to the old entrance into the lane which existed in the dismantled Masjid wall; and this back entrance may, if desired, be made five feet wide instead of three feet.

2. As the road in question is a newly formed one, in which the right of music, processions, &c., had not been hitherto exercised by any community, the Government direct that it should be closed for processions of all kinds, whether marriage, funeral or religious ones or others. It should be regarded as a quasi-public one liable to be closed absolutely at any time the Deputy Commissioner chooses. To avoid all probable misapprehensions in this respect on any future occasion, the Deputy Commissioner is requested to put up stone slabs at either end of the road with the words "*This road is liable to be closed. No processions of any kind to pass through,*" in English, Kanarese and Hindustani.

3. The newly made opening, between the Matt street and the new road in question, may also be allowed to stand as at present, but without any gate-way.

READ :—
Letter No. 2027, dated 25th June 1896, from the Deputy Commissioner, Hassan district, reporting that the Swami of the Yogananda Matt is grossly mismanaging the endowments of the temples placed under his management in pursuance of the above order of Government.

ALSO :—
The following note on the subject by the Muzrai Superintendent, dated 13th July 1896 :—
The temple is endowed with extensive inam lands which are now being managed by the Guru of the Yogananda Matt at Holé-Narsipur.
2. In 1874, the institution and its endowments were taken over under Government management owing to the neglected condition in which they were then found and the incapacity of the Guru to manage them properly. Subsequently on the application of the Guru, the management was restored to him under Government Proceedings No. Camp 760, dated 12th November 1889, subject to the following conditions to be observed by the Guru :—
(1) the entire income of the inam villages and lands should be used for the services of the temple ;
(2) the temple should be maintained in a state of good repair ;

(3) the Guru should keep correct accounts of income and expenditure ;

and (4) he should so manage the temple villages and lands as to enhance their value to the institution and at the same time to ensure the raiyats, protection from oppression from minor matt officials.

3. For about 2 or 3 years after the restoration, matters appear to have gone on smoothly. But subsequently, petitions began to be submitted to Government complaining that the Guru was grossly mismanaging the temple and its endowments. This complaint of mismanagement was prominently brought to the notice of Government at the Dasara Representative Assembly of October 1894; and in reply to the Representative Members from the Hassan district, the Dewan then observed that the management of the temple was restored to the Guru on the application of the local community and that if the Guru was mismanaging the institution, it would be taken back under Government management. Again, at the last Dasara Assembly, the subject was once more brought up and referred to the Deputy Commissioner for enquiry and report. Accordingly the Deputy Commissioner after an enquiry into the affairs of the temple now reports as follows :—

"The complaint of the Representative Members about the mismanagement of the temple is only too well-founded. Every one of the conditions under which the temple management was restored to the Swami has been broken. Many of the temple servants are in arrears, some of them were paid only last month, when my intended visit to the taluk was known. The patel and shanbhog of the temple villages have not been paid. The PUJA is but irregularly carried on. The temple needs repair which has not been executed. Regular accounts of income and expenditure have not been kept. There has been reckless squandering of the temple funds. Money has been borrowed for the temple expenditure which has not been paid. These acts amount to a gross breach of trust, but for which, the large resources of the temple funds should have ensured not only an efficient performance of services and up-keep of the temple building, but also ample saving over all the necessary expenditure, as was the case under the previous management of the temple by Government. As matters now stand, the temple looks dilapidated and desolate; and it is most painful that an institution so well endowed should have been so grossly neglected. It is high time that some radical change is introduced."

4. With regard to the future management of the temple and its endowments, the Deputy Commissioner makes the following proposals :—

"(*a*). The villages attached to the temple should be managed by the Revenue Department, all the collections being credited to the temple accounts to be kept in the taluk cutcherry.

(*b*). The Swami or the agent appointed by him and approved by the Deputy Commissioner to submit monthly, a statement of the amount required for disbursing pay of the temple servants and for various services therein At the beginning of the month following, with the statement of sums required for future expenditure, he should submit to the taluk cutcherry an acquittance roll of servants paid and an account of expenditure incurred in the previous month, an abstract of which should be submitted monthly by the Taluk Amildar to the District Muzrai office

(*c*). Three Dharmadarsis to be appointed to help the Swami or his agent in supervising the services and periodical festivities in the temple and its general management.

(*d*). The repairs of the temples and VAHANAS and other extraordinary expenditure connected with the management of the temple, to be incurred only on estimates prepared at the suggestion of the Swami and his agent and sanctioned by the Deputy Commissioner or the Government as the case may be

These arrangements, while leaving to the Swami and his agent all real management of the temple, will ensure a careful control on the part of Government officers and will prevent the gross mismanagement which has characterised the past administration of the temple and which has been the subject of loud but quite reasonable complaint on the part of the people of Holé-Narsipur."

No. 247-8—MUZ. F. 15-96, DATED, BANGALORE, 12TH AUGUST 1896.

ORDER THEREON.—The Swami is old and incapable of properly managing the institution ; the mismanagement is attributable to those on whom the Swami depends. The Government therefore direct that the temples be, for the present, taken over under Muzrai management.

2. The Deputy Commissioner is accordingly requested to place the inam lands and villages forming the endowment of the temples under the direct management of the Amildars of the several taluks in which they are situated, due respect being paid to the Swami in every possible way and his personal convenience and comfort also properly provided for.

3. As regards the inam lands and villages belonging to the institutions in question, which are situated in Krishnarajpete taluk, the Deputy Commissioner of Hassan will make necessary arrangements for their proper management in communication with the Deputy Commissioner of Mysore district.

Petition No. 3056, dated 2nd March 1896, from Devargudda Doddabhira Gauda and certain others of Kadakola, appealing against the order of the Deputy Commissioner of Mysore district, dated 15th February 1896, dismissing the suit filed by the petitioners in the Muzrai Department for the establishment of their right to perform *puja* at the Kalabhiramma temple at Kadakola on the ground that the temple is not a Muzrai institution, being endowed only with a land inam and that therefore the Muzrai Department has no jurisdiction in the matter.

AND,

Letter No. 1486, dated 11th June 1896, from the Deputy Commissioner, Mysore district, submitting the records of the case.

No. 223-30—Muz. F. 11-96, DATED, BANGALORE, 6TH AUGUST 1896.

ORDER THEREON.—The Government observe that the Deputy Commissioner is quite in error in holding that the temple in question is not a Muzrai institution because it receives no cash allowance from the Government but is simply endowed with a land inam. His attention is drawn to the late Chief Commissioner's Proceedings No. 1581—Gl. 41, dated 16th May 1877, in which it has been distinctly laid down that temples endowed with only land inams are as much subject to the control of the Muzrai Department as those enjoying Ready Money Grants.

2. Further, in a civil suit instituted by the petitioners Doddabhira Gauda and others, to establish their right to perform *puja* in the temple in question, the Judges of the Chief Court in the second appeal No. 105 of 1893-94 have finally decided that the temple in question is a Muzrai institution and the suit relating to the *pujarishup* thereof is not cognisable by Civil Courts and that it can only be enquired into and disposed of by the Muzrai Department. It is therefore surprising that the Deputy Commissioner should, in the face of the above decision of the Chief Court, decline to entertain the suit brought by the petitioners on the Muzrai side.

3. The Deputy Commissioner's order is accordingly reversed; and he is directed to restore the appeal to his file and dispose of it on the merits in due course.

A. SREENIVASSACHARLU,
Muzrai Secretary.

To—The Deputy Commissioner, Mysore district, returning the records.
The Deputy Commissioners of other districts, for information.

PUBLIC WORKS.

Proceedings of the Government of Mysore.

READ.—

THE FOLLOWING NOTE BY THE CHIEF ENGINEER, DATED 26TH JUNE 1896, ON SANITARY WORKS BUDGET FOR 1896-97:—

I beg to submit for sanction of Government the accompanying Sanitary Works budget estimate for 1896-97. It amounts to Rs. 1,87,000 (against Rs. 2,38,000 for 1895-96 including the additional grant of Rs. 48,000 sanctioned in Proceedings No. 294-317—2558-81 of 4th instant), of which one lakh has been set apart for grant-in-aid works (Part I), Rs. 27,000 for special grant works (Part III), and the balance Rs. 60,000 for establishment and tools and plant, as will be seen from the abstract attached to the budget.

PART I.—It will be seen from the detail budget that, out of the ordinary grant of one lakh for grant-in-aid works, a sum of Rs. 28,000 has been allotted for five incomplete works of the previous year, and the balance Rs. 72,000 for sixteen new works brought forward by the Sanitary Engineer, it is believed, with the approval of the Deputy Commissioners concerned. The projects for these works are stated to be under preparation, and such of them as require sanction of Government will be submitted as soon as they are received.

PART II.—This part appertains to works to be carried out by the municipalities themselves, and it has not been submitted for reasons explained in para 3 of this office Note of 30th July 1895 printed in Government Proceedings No. 823-46—4553-76 of 30th August 1895 (copy herewith sent for ready reference).

PART III.—This part of the budget contains only two works, *viz.*, forming and completing the roads in the Western Extension of Bangalore city, and water-supply to the town of Closepet, which were sanctioned as a special case from Provincial Fund though they do not properly fall under this part which is intended only for works for which loans are sanctioned by Government to the municipalities, or grants sanctioned from Local Funds General, *vide* Proceedings No. 3916-36—749-69 of 1st August 1894. In his orders on the statement of re-appropriations of budget grants for sanitary works for the year 1895-96, the Dewan proposed to charge Part III works wholly to Local Funds General, and asked that the question be brought forward when submitting budget for 1896-97.

ESTABLISHMENT.—The charge under this head, *viz.*, Rs. 54,500, is the same as that for 1895-96, and the details therefor are given in the establishment portion of the budget estimate herewith submitted. But as the Mysore city water-works will be shortly completed, it will be necessary to transfer then some of the staff now employed on it to the General Department, which will effect a saving under this head. Moreover, it is under contemplation to relieve the Sanitary Engineer of the actual execution of sanitary works (excepting a few technical ones), to enable him to devote more time to the preparation of important projects for water-supply, &c. Should this proposal, which is already before Government, be approved of, the establishment of the Sanitary Department will be reduced still further.

No. 704-27—4024-47, DATED, BANGALORE, 4TH AUGSUT 1896.

ORDER THEREON.—The budget estimate for sanitary works submitted by the Chief Engineer is sanctioned.

C. BOWEN, COLONEL,
Secretary to Govt., P. W. D.

To—The Secretary to Government, General and Revenue Departments.
The Sanitary Engineer with Government.
The Examiner, Public Works Accounts.
